SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT AND CITATION

To the Commissioner:

In accordance with 37 C.F.R., § 1.56, 1.97, and 1.98, disclosure is made of the following additional patent references listed in the accompanying Information Disclosure Citation. Inclusion of such patents and publications herein is solely for the purpose of satisfying Applicant's duty of candor to the Patent and Trademark Office, and should not be construed as any admission by Applicant as to the relatedness of the art(s) involved or as to the relevance of any of the citations.

The enclosed patents were recently brought to Applicant's attention when he uncovered U.S. Patent No. 7,163,458 to David Schugar. Applicant submits that the Schugar patent itself does not constitute prior art, in that it was not invented before Applicant's priority date, but

Applicant nevertheless desires to present to the Patent Office the patents cited against Schugar in the event one or more may be relevant to the continued examination being initiated by Applicant's concurrently-filed request for continued examination.

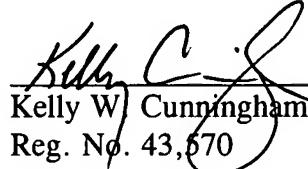

Any marks made upon submitted copies of such listed art should not be interpreted as emphasizing or indicating as relevant portions of such marked related art. Often, such marks are made on the original documents by unknown third parties and so are not applicable to the present invention.

Should there be any remaining or further questions, the Examiner is requested to please contact the undersigned directly. It is not believed that any additional fees are due. However, in the event additional fees are due, the Examiner is hereby authorized to charge Applicant's Attorney's Deposit Account No. 03-2030.

Respectfully submitted,
